Hospital Visitation

Instructions

Important:

- If “First” student is unable to visit the hospital patient, he/she must contact the “Backup” student to ask the “Backup” student to visit. If “First” is ultimately responsible. “First” and “Backup” students should begin to coordinate and exchange phone numbers immediately.
- If you have never visited someone in the hospital, a one-hour training session will be available on **April 26th at 9:00 AM** prior to the Audio & Video Seminar.

Procedure:

1. **Call the church** office at 561-391-2177 in **early morning on your date**. Ask the receptionist for the names of church members in the hospital. Make a list. Record the patient’s name, hospital name, room number, and hospital telephone number. You are NOT required to visit those in Nursing Homes. But you are certainly encouraged to visit.
2. **Visit each patient.** Expect to spend 1-1.5 hours per patient including travel time to and from the hospital as well as 20-30 minutes of visitation time with the patient. If you can not visit every patient, call those patients you cannot visit. Encourage them and pray with them.
3. **Contact Juan David Guerrero** at 561-674-1349 or contact Jessica Hendrix at 561-414-5078 to report your progress for the day. He will submit a summary of all visits at the end of the term to be factored in your overall grade in Christian Service.
